2021 RE-REGISTRATION TO BE MAILED TO ALL RESIDENTS

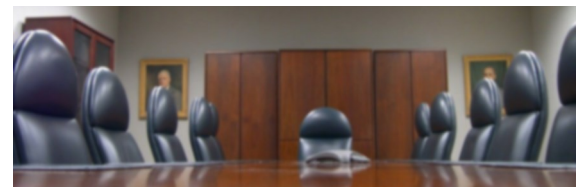

Next week, you will receive important WAL non-contact re-registration materials for 2021 delivered via U.S. Mail. Our goal is to keep all residents and staff safe during the re-registration process. Please carefully read and follow the instructions to avoid the need to visit the Resident Services office. You can read about the four methods to safely re-register in the forthcoming re-registration package. Thank you in advance for your cooperation and adherence to the 2021 non-contact re-registration process.

YOU'VE BEEN SO KIND...

The staff of Watergate at Landmark thanks everyone who sent tokens of appreciation to us during the holiday season. Every card, special treat and gift was greatly appreciated!

I DIDN'T GET *THAT* EMAIL...

WAL relies on batch emailing and electronic distribution as a part of our communication plan. Many companies use this to reach a large audience at the same time. While these tools provide us the ability to reach the over 4,000 residents who live here, it does mean that technical difficulties occur from time to time. Please review the following tips in case you've had issues with receiving or viewing your emails:

- Verify that your email is entered in FSR Connect and that you've opted in to receive mass communications.
- Be sure to add the following email addresses to your contact list, as it reduces the chance of your email provider bouncing the email due to spamming issues. Note this is not foolproof but you can alert your email provider of the issue regarding the email not being received:
 - * gm@watergateatlandmark.com
 - * dgm@watergateatlandmark.com
 - * commgr@watergateatlandmark.com
 - * commdir@watergateatlandmark.com
 - * WatergateLandmark.VA@fsresidential.com

⇒ This is the email that sends out Weekly Flyers, Wheel and other correspondence that come through the Communications Department.
- Some Internet Service Providers (ISPs) have recently implemented a new Spam Filtering System. As a result, some emails sent to you from the Association may be filtered to your Junk or Spam E-Mail folder unless you add the aforementioned emails to your Safe List or White List.
- Contact the Management Office to let us know of any issue you're experiencing with your account. Since we use third-party platforms to display or distribute information, your feedback helps to narrow down potential causes.
- Adobe recommended that all users uninstall Adobe Flash from their computers before it reached its end of life service on December 31, 2020. This program was a popular way to display varied active content (e.g. games, animations, e-books/magazines). **This differs from Adobe Reader and other Adobe products. Please do not delete them from your computer.**
