## STORAGE BIN REMINDER

Our community has storage bins for your convenience. Please make sure the storage area you use is the one associated with your unit number. Please place a lock on your storage bin whether it is in use or not to avoid unauthorized use. Unauthorized use of storage bins may result in the property being discarded without notice.

## NO NEED TO FEAR CICADA WASPS

We have received several calls regarding what appears to be swarming giant wasps on the property. The swarming wasps are actually male cicada-killer wasps. They behave territorially while protecting their female's nest and do not have stingers. They look menacing but are not a hazard.

The female wasp lives in the ground and has a stinger but is not aggressive like other wasps. She saves her stinger to fight off predators (not humans), and you would have to step on her or handle her in order to get stung.

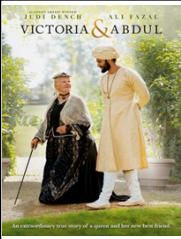

## MAINTENANCE SCHEDULE & UPDATES

\*Note that this schedule is subject to change\*

- HVAC/Fascia Project work continues on **Tiers 14, 16 and 18 of Building 2** through early August.
- We are jetting the main drain in the garage of Building 2 all next week.
- There will be parking lot line striping around Buildings 1 and 2 all next week.
