HELP STOP THE SPREAD

The Alexandria Health Department wants to encourage its residents to do the following to help lower the transmission rate for COVID-19:

1. **Get vaccinated!** If you've been waiting for the right moment, this is it! Visit alexandriava.gov/Vaccines or call 703-746-4988 to find a clinic.
2. **Mask up.** Even if you're vaccinated, wear a mask in public indoor settings when around others.
3. **Stay home when sick.** Look out for your coworkers and friends and stay home if you're not feeling well.
4. **Get tested.** Free COVID-19 tests are quick and easy. Book one if you're sick or were around someone who was at curative.com.
5. **Share the news.** Please share this information with friends, family, neighbors, customers, and coworkers so that they can make informed decisions about their health.

Additional guidance and recommendations will be shared as Alexandria's transmission status changes. Get current updates from <https://www.alexandriava.gov/performance/info/dashboard.aspx?id=114883>.
