## SMART 911

Smart911®

The free Smart911 service allows individuals and businesses to create online safety profiles with home, workplace and mobile phone numbers, along with additional information that would be valuable to dispatchers and first responders during an emergency. This information often includes home or work addresses, details about medical conditions, hazardous materials on the property, pets, and emergency contacts. Users are prompted to update their safety profiles every six months to ensure their information remains accurate. Smart profiles are kept confidential and secure and are only available to trained dispatchers in participating 911 centers across the country. Create your profile at <https://www.alexandriava.gov/Smart911>.

Please reach out to support our community. You can join this program to Sponsor a Family, Senior Citizen or Disabled Individual, Foster Child, or Foster Teen. Feel free to call 703-746-5663 or email with your questions and concerns to [holidaysharing@alexandriava.gov](mailto:holidaysharing@alexandriava.gov).
